I certify that: the information in this application is true, correct, and complete to the best of my knowledge; a disclosure statement is not required (see Section 5 on reverse side); and, that if this permit is approved, I will comply with the North Dakota Solid and Hazardous Waste Management laws and rules, the conditions noted above, and that I will submit the required \$25.00 annual permit renewal fee by July 31 of each year.

Print Name	Date
Signature	

Send your completed application and \$75.00 application processing fee to:
North Dakota Department of Health, Division of Waste Management,
918 E. Divide Ave., 3rd Floor; Bismarck, ND 58501-1947

Section 1. Self-explanatory.

Section 2. Types of Wastes Collected: Mark the appropriate box with an "X."

- | | |
|------------|--|
| Inert | Nonputrescible solid waste which will not generally contaminate water or form a contaminated leachate. Inert waste does not serve as food for vectors. Inert waste includes, but is not limited to: construction and demolition material such as metal, wood, bricks, masonry and cement concrete; asphalt concrete; metal; tree branches; bottom ash from coal-fired boilers; and, waste coal fines from air pollution control equipment. |
| Municipal | Solid waste includes garbage, refuse, and trash generated by households, motels, hotels, and recreation facilities, by public and private facilities, and by commercial, wholesale, and private and retail businesses. Putrescible solid waste includes animal and vegetable waste resulting from the handling, preparation, cooking, and consumption of food, including wastes from markets, storage facilities, and processing plants. The term includes commercial waste, which is solid waste generated by stores, offices, restaurants, warehouses, and other nonmanufacturing activities exclusive of household waste, industrial waste, and special waste. The term does not include special waste or industrial waste. |
| Industrial | Such waste may include, but is not limited to, residues or spills of any industrial or manufacturing process and waste resulting from the following: fertilizer/agricultural chemicals; food and related products/byproducts; inorganic chemicals; iron and steel manufacturing; leather and leather products; nonferrous metals manufacturing and foundries; organic chemicals; plastics and resins manufacturing; pulp and paper industry; rubber and miscellaneous plastic products; textile manufacturing; transportation equipment; petroleum refining, and the combustion of municipal waste or regulated infectious waste. |
| Infectious | Solid waste that may contain pathogens with sufficient virulence and in sufficient quantity that exposure of a susceptible human or animal to the solid waste could cause the human or animal to contract an infectious disease. |

If additional information is required, such as an EPA ID number or type of used oil, provide that information in the allotted space.

Section 3. Collection Vehicles:

Quantity - actual number of the type of vehicle used for transportation.

Type - body style of vehicle, such as flatbed, van trailer, compactor, tanker, etc.

Capacity - carrying capacity of vehicle, such as 20 cubic yards, 5 tons, 2,500 gallons, etc.

Section 4. Collection Area Serviced:

Communities, localities or industries served - self-explanatory. "Statewide" is permissible.

Name, address, and permit number of disposal facility - self-explanatory. "Per customer" is permissible for hazardous waste transporters only.

Section 5. Signature. The applicant must sign the form and print their name and the date the form was completed.

The applicant must provide a disclosure statement executed under oath or affirmation if it has: 1) any civil and administrative complaints against it for the violation of any state or federal environmental protection law which has resulted in a fine or penalty of more than \$10,000 within 5 years before the date of submission of this application; 2) any pending criminal complaint alleging the violation of any state or federal environmental protection law; 3) any judgment of criminal conviction entered against it within 5 years before the date of submission of this application for the violation of any state or federal environmental protection law; or, 4) any judgment of criminal conviction of a felony constituting a crime involving fraud or misrepresentation under the law of any state or of the United States which has been entered against it within 5 years before the date of submission of the application. The statement must fully address all four of the above provisions. The Department will verify and may investigate the information in the statement and may deny the application based on the findings. Applicants are subject to enforcement action if: 1) the Department discovers, after a permit has been issued, that the applicant was required to but did not provide a disclosure statement with the application; or 2) the Department discovers that the applicant intentionally misrepresented or concealed any material fact in the disclosure statement.
